Scaffolding Material Building Clamp Coupler for Ringlock Scaffolding System

Our Product Introduction

Basic Information

- Place of Origin: china tianjin
- Brand Name: scaffolding coupler
- Certification: SGS ISO
- Model Number: BT206
- Minimum Order Quantity: 1000
- Price: 8.5-15.8
- Packaging Details: In bundles
- Delivery Time: 15-25
- Payment Terms: TT/TC

Product Specification

- Application: Construction
- Package: Container
- MOQ: 1000
- Material: Steel
- Feature: High Strength
- Color: Silver
- Surface Treatment: Galvanized
- Name: Scaffolding Coupler
- Highlight: **Building Scaffolding Coupler**, **Scaffolding Building Clamp Coupler**, **Ringlock System Scaffolding Coupler**

Product Description

Product Description:

Our scaffolding couplers are versatile and engineered to be compatible with various types of scaffolding systems, making them universal scaffold clamping tools. As such, they are a vital component for any construction project that requires a secure method of connecting scaffold tubes at various angles. These couplers are equipped to handle both standard and complex scaffold configurations, providing a firm grip and ensuring the safety of the structure.

The British Scaffold Fixtures standard is a benchmark for quality and performance in the construction industry, and our scaffolding couplers meet these rigorous requirements. They are designed to comply with the EN74-1 standard, which specifies the material, design, and performance requirements for couplers used in scaffolding. This standard is a guarantee of the reliability and safety of our couplers, providing peace of mind to our clients that they are using a product that meets the highest industry standards.

We understand that every construction project is unique, and therefore, we offer our scaffolding couplers with a minimum order quantity (MOQ) of 1000. This MOQ ensures that our clients can scale their purchases according to the size and needs of their specific projects. Our aim is to facilitate the seamless progress of construction activities by supplying adequate quantities of high-quality scaffolding couplers.

Technical Parameters:

Attribute	Description
Name	Scaffolding Coupler
Standard	EN74-1
MOQ	1000
Surface Treatment	Galvanized
Material	Steel
Package	Container
Application	Construction
Feature	High Strength
Color	Silver
